FACKELMANN[®]
HOUSEWARES

Bormioli Rocco has built a powerhouse brand on the foundation laid down in Italy over 1,300 years ago in Fidenza.

Bormioli Rocco uses the finest natural resources to create superior glass and plastic products for homes and businesses around the world.

From the finest sand to organic glazes for the colors in the glass, all are brought together in products influenced by exhaustive design research.

The results are beautiful and durable tableware, and bottles and jars that hold some of Italy's most iconic and delectable brands.

WINE GLASSES

IN ALTO UNO

The new inAlto interprets style and fine quality in an exquisite expression of creative flair that has developed new, modern and elegant forms of designer stemware, combined with unprecedented technological progress, raising the aesthetic and quality parameters to new heights.

Laser cut rims are even thinner and more precise, improved distribution of molten glass means even less weight. The pulled stem is elegant and symmetrical and the new foot is thin and flat for maximum stability.

Gift Box 6

IN ALTO SENSI

TRE SENSI is a synonym of excellence thanks to the flatness and stability of its special foot and its lightness, which combines with the strength of the exclusive XLT treatment to make the stems even more resistant over time. A tough and invisible shield protects the stem from the most frequent causes of breakage (washing, twisting and daily use) and prolongs its useful life even after repeated washes.
