JEANETTE CHAIR

With its low-line silhouette, Jeanette is designed for the outdoors with the sophistication of an indoor dining chair.

The wire grid of the seat is seemingly suspended from the soft arc of the arm and backrest which creates both comfort and timeless elegance.

Each design in SPØ1's outdoor collection has undergone rigorous testing to ensure longevity even in the harshest of environments - the Australian outdoors.

A bent steel rod and wire chair family treated with three layers of protection: zinc primer, cataphoretic dip and powder coat.

Tom Fereday, 2019

Blurring the porous line between indoor and outdoor, work and pleasure, home office and bar – the Jeanette lounge chair is a bona fide hybrid that works hard to wrestle down time from the room.
